

Each roof application has unique requirements and as such may require a specific system configuration and application. This product is manufactured to our product specification and our only obligation shall be to replace such product if proven to be defective. Thermo Manufacturing Systems, LLC does not assume responsibility for any defects in application of this product, or any deficiencies in any roof or substrates on which this product is applied, nor shall Thermo Manufacturing Systems, LLC be responsible or liable for injury, loss, or damage of any kind or character, direct or consequential, arising from the application, use or inability to use this product.

USES

Thermoclean[®] Surface Cleaner is specially formulated for general cleaning purposes. This concentrated formula can be used full strength for heavy duty spot cleaning or diluted. When diluted with water, it effectively cleans large areas of many roof surfaces such as existing asphaltic surfaces, existing SPF and coating, aluminum or acrylic-coated surfaces and roof-related surfaces such as various metals, nylons or plastics. Thermoclean[®] Surface Cleaner can also be used for numerous non-roofing applications as a general cleaner for routine maintenance such as floors, walls, tile or countertops.

COLOR

Green
